LEAF AND YARD DEBRIS and CLEAN WOOD

Act 148 has banned disposal of leaf and yard debris and clean wood from landfills as of July 1, 2016.

The Whitingham Transfer Station offers collection of leaf and yard debris at a cost of \$10 per gallon. It is suggested that our residents compost these items in their yards.

The Whitingham Transfer Station offers collection of clean wood for reuse at the Transfer Station. See attendant for pricing.
